

SPARK!

PLACES of INNOVATION

SCAVENGER HUNT

INTRODUCTION

1-Spin-ovate! Spin the wheel and pick a key concept of innovation and explain it to your big person or ask them to explain it to you.

2-Let's Go Places! There are four types of innovation-

- + Social
- + Technological
- + Cultural
- + Artistic

Does your town have one of these?

TECHNOLOGICAL

3-Put together the Puzzle to learn how SYNERGY works.

4-Play the Flip Panels to hear about innovations from four different towns in Chenango County, NY. Which one is your favorite?

5- Check out the Cherry Pitter. Could you use one of these at home?

CULTURE/HERITAGE

6-Look carefully at the top two pictures on the right.

Move slowly from left to right to see the photos change from "Then" to "Now."

7- How is your town the same and how is your town different from these towns?

SOCIAL

8-What does "Necessity" mean? As you look at these examples, can you think of something your town needs?

How could you solve that problem?

9-By the Numbers. As you flip up the numbers and read the stories you can see how numbers help describe different places. What numbers would you like to know about your own town? How could you find those numbers?

ART

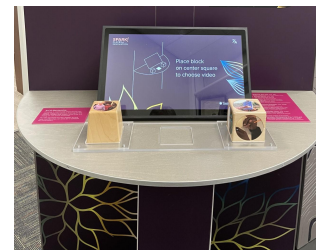

10. Where can you find art as you walk around your town?

**"Design is a solution to a problem
Art is a question to a problem."**

-what does that mean to you?

11. Place the cube in the middle of the reader to launch videos of different ways art is used to improve the community.

12. Before you leave, Play the Citizen Innovation Game. Each player selects a yellow VALUE card. Each player gets four white DESIGN TACTIC cards.

To play, turn over the orange CHALLENGE cards. Each player then picks a DESIGN TACTIC to help solve the challenge in a way that aligns with their yellow VALUE card.

Don't forget to pick up a button and mark your challenge board.
